... DIT-ON QU'IL A
LE MELON ?

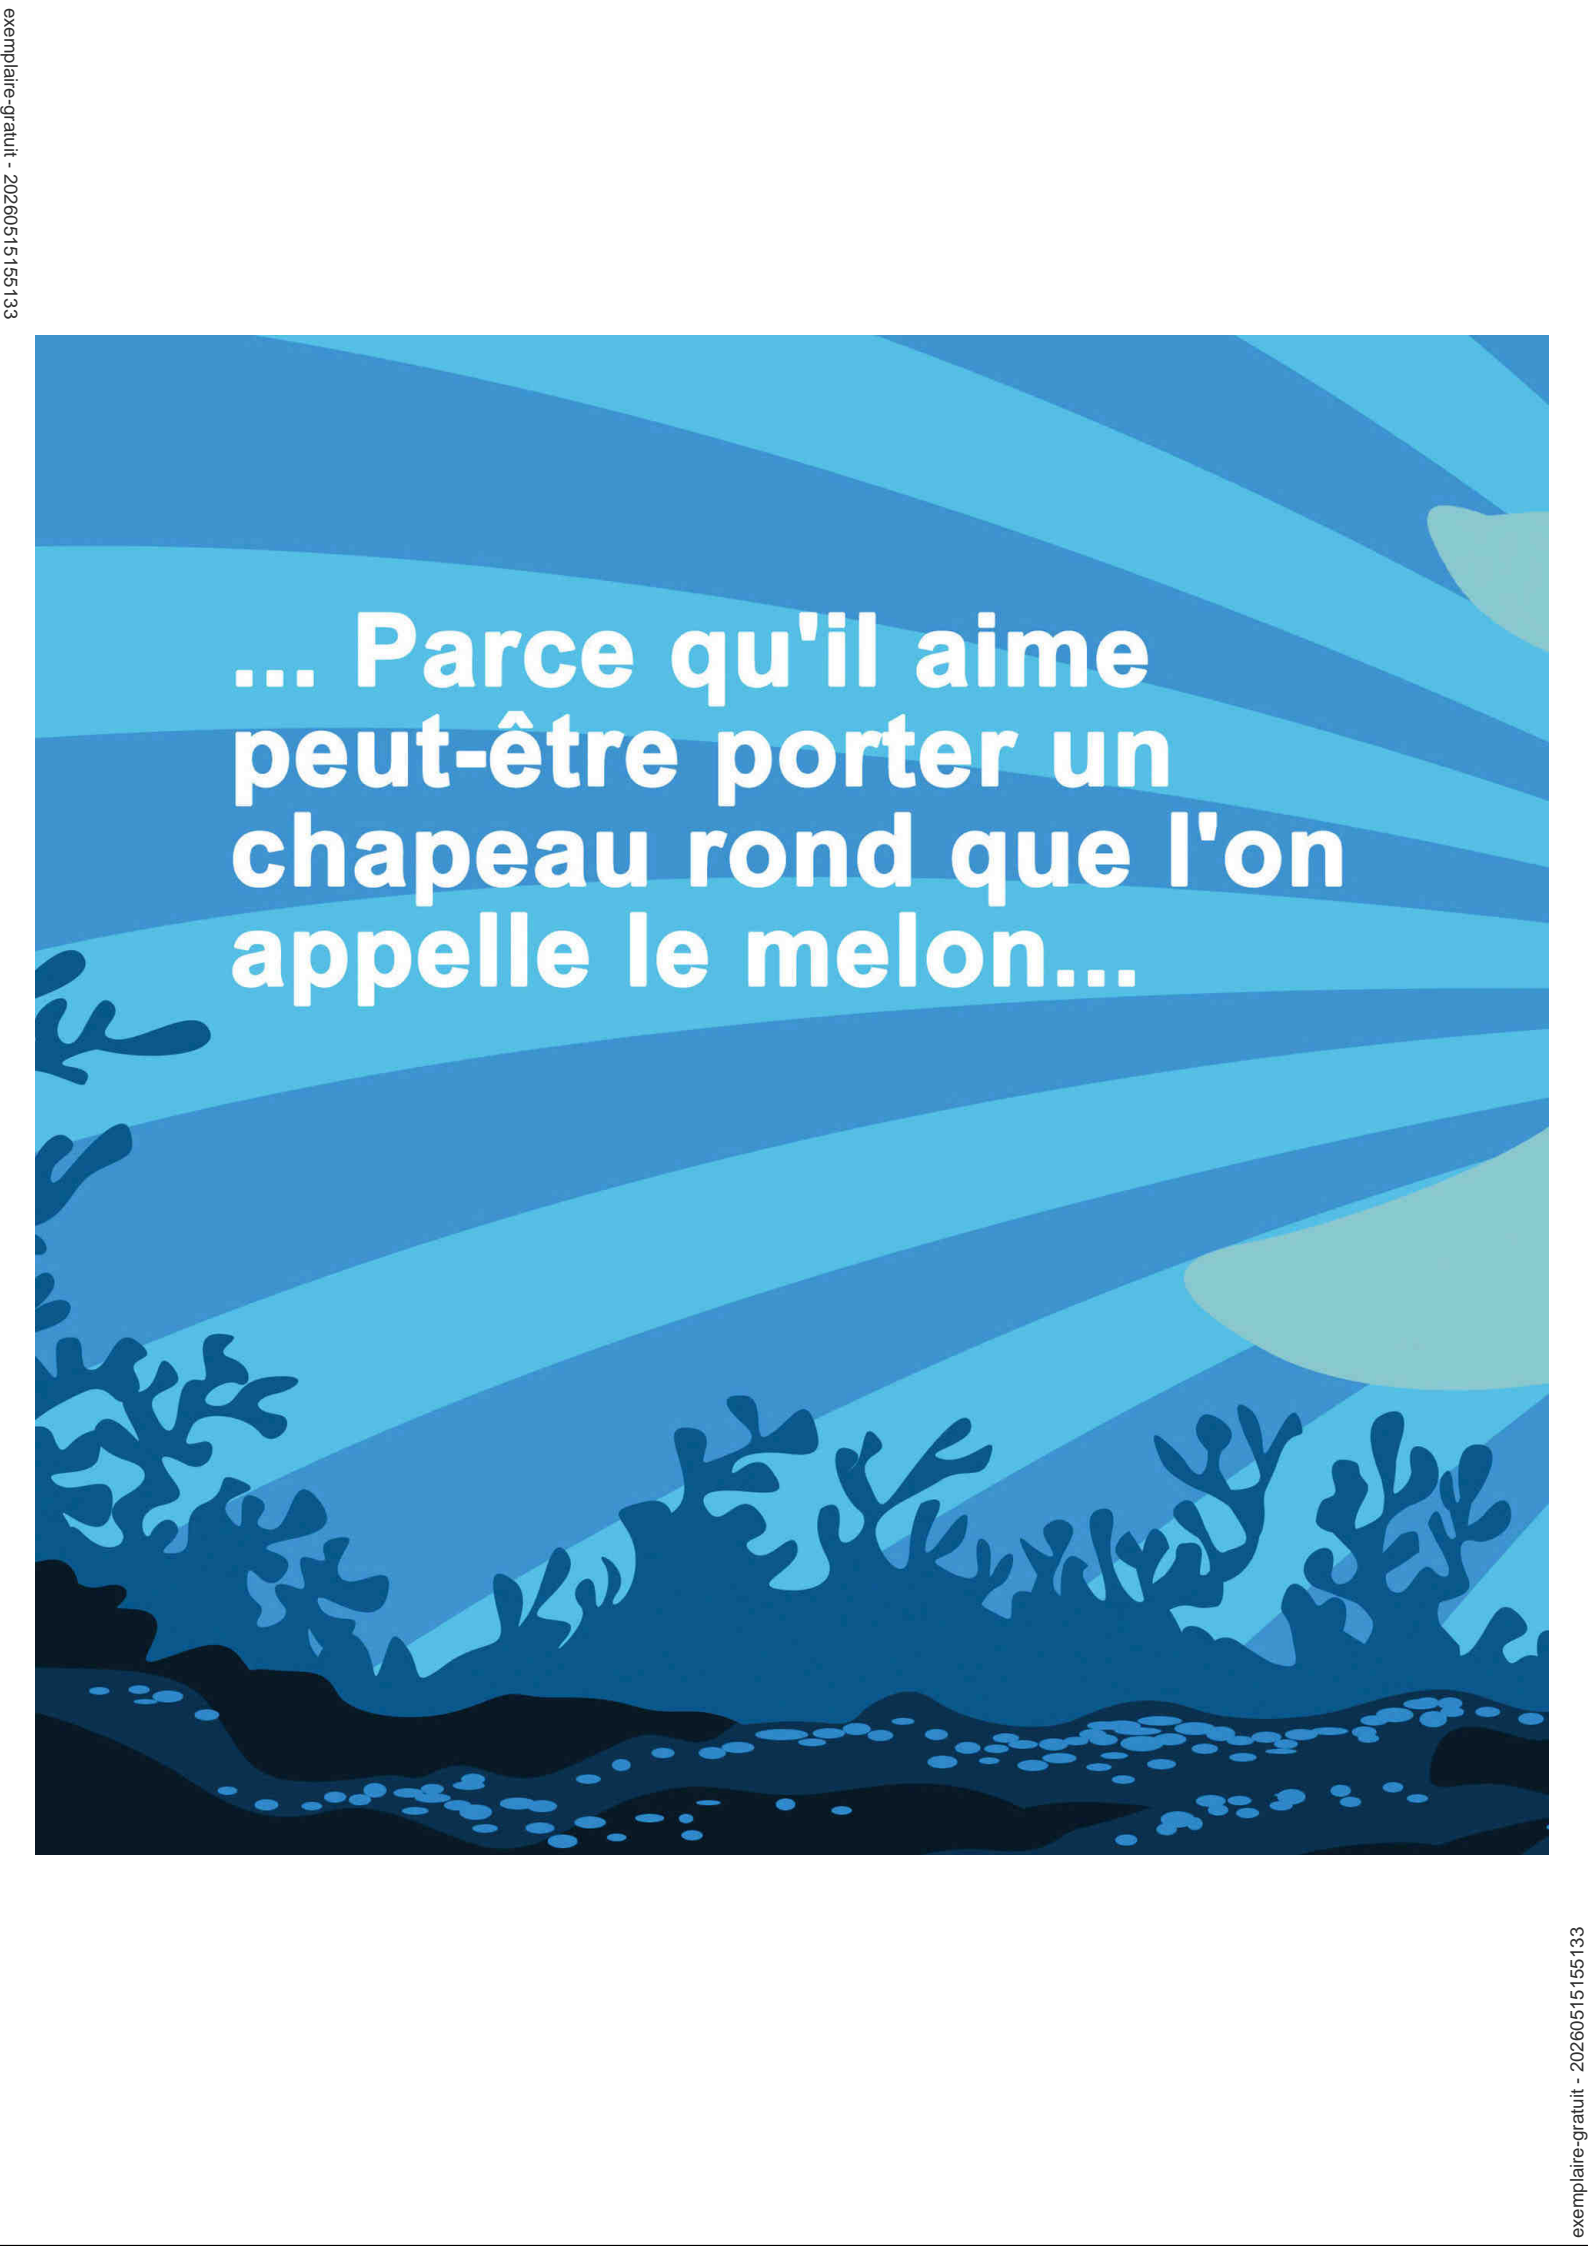

... Parce qu'il aime
peut-être le fruit
le melon...

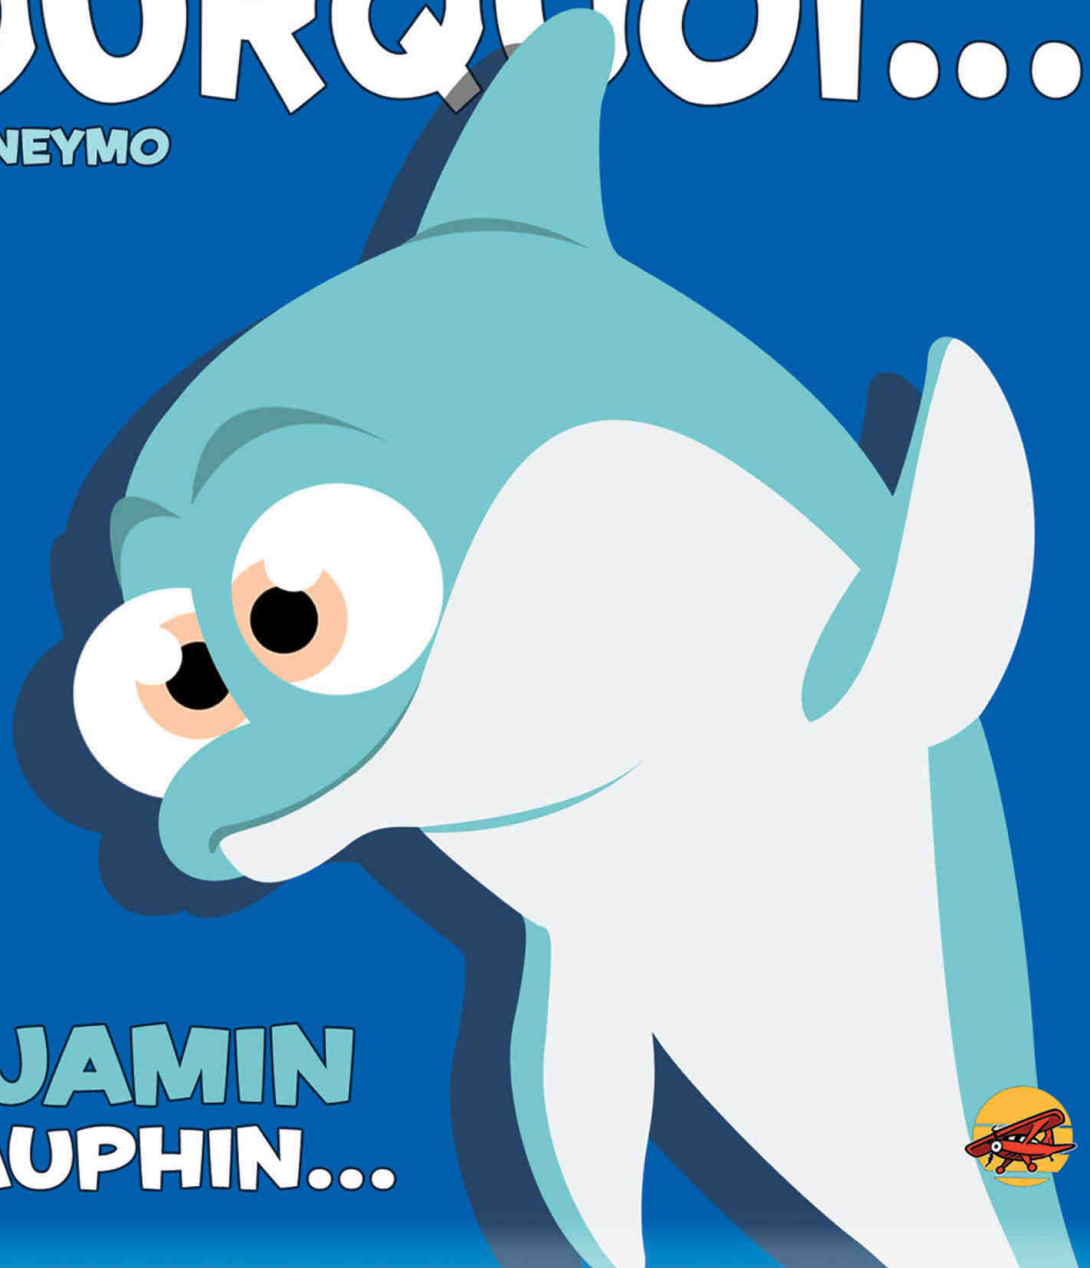

An illustration of an underwater scene. The background consists of several wavy, horizontal bands of different shades of blue, representing light rays filtering through the water. In the foreground, there are dark blue silhouettes of coral reefs and a sandy seabed with small white pebbles. A large, light green sun is partially visible in the upper right corner.

**... Parce qu'il aime
peut-être porter un
chapeau rond que l'on
appelle le melon...**
